sphinx$_m d_t heme$

Release 0.1a3

December 22, 2016

Contents

Introduction

sphinx_md_theme is a MDL-based theme originally based on Dave Snider's Sphinx theme for Read the Docs (sphinx_rtd_theme). This theme has been tested on Sphinx 1.3+.

Installation

```
$ pip install sphinx_md_theme
```

Once installed, change **html_theme** in your `conf.py` to **material_design**.

Configuration

- **pygments_theme**: The name of a Pygments style.
- **ribbon_bg**: Optional path to an image to display in the ribbon background.
- **ribbon_bg_position**: Defaults to `auto auto`.
- **ribbon_bg_size**: Defaults to `100% auto`.
